DID YOU KNOW

About plans to develop land in Brentwood?

On Feb 14, 2023, Strathcona County Council gave a parcel of land (Lot 1 MR, BLOCK 58, PLAN 1220581, outlined above) to the Boys and Girls Club (BGC) to build a large facility. The BGC plans to build on site "A" above.

Only residents facing Brentwood School were notified prior to the meeting. Many residents spoke in opposition of developing the land, but Council was under pressure by the BGC's looming deadline of Feb 28 to apply for a federal grant for which and they needed to have land secured.

We are not opposed to the BGC facility, but we are opposed to the proposed site and inadequate community consultation.
